

STEVE MCCADAMS "CASTING FOR A CURE" FISHING RODEO RESCHEDULED

Last month's flooding and devastation at Carroll Lake caused postponement of the annual Steve McCadams "Casting For A Cure" Kids Fishing Rodeo and when the lake lost all its water it appeared the event might not happen.

Thanks to the extended hand of assistance from McKenzie Mayor Jill Holland the rodeo, which benefits the American Cancer Society, will now take place on the morning of Saturday, July 19th at McKenzie City Park pond.

It's free and open to youngsters ages 15 and under. Registration will be held on-site at The Barn, located at 570 Como Street, McKenzie, TN 38201 and adjacent to the pond, from 8-9 a.m. Only kids ages 9 and under will fish from 9-10 a.m.; ages 10 through 15 will fish from 10-11 a.m. Weigh-in and awards will begin immediately thereafter.

"The City of McKenzie welcomes the opportunity to host "Casting For A Cure" Kids Fishing Rodeo," said Mayor Holland. "We have a great park with lots of activities including our playground, skateboard park and disc golf course, and we extend a hearty welcome to all kids and parents to come ready to enjoy a great day. We look forward to making sure everyone enjoys this fun and memorable event which focuses on the hope of finding a cure which will save the lives of so many. "

Kids are asked to bring their own bait and tackle. Concessions will be available on-site.

"I very much appreciate the City of McKenzie and Mayor Holland helping salvage this event as I wanted to keep it alive on behalf of the kids and ACS," said host Steve McCadams. "We were all set to go last month when the flood came and wrecked our plans. I know a lot of kids and parents were disappointed. I was too!"

"The upcoming rodeo may be a bit smaller than our Carroll Lake event but we'll do our best to put some big smiles on small faces nonetheless," continued McCadams. "Thanks to donors who open their hearts and pocket books several door prizes will be given away."
